Treasurer Report: Rick reviewed Wendy's report of \$14,000 in the account, which includes some paid expenses. She is working on tax filing after finding out our nonprofit status was revoked.

Membership/Recruitment: New member Elissa Heller joined, she also belongs to West Seattle.

Clothing: Please contact Suzy for T-shirt and tumblers, the order will be placed soon.

Fleet Captain Report: Kingston rendezvous is approaching soon. We have 15 boats, and everything is in place for meals.

Bremerton Blast is next and Bart & Brenda are cohosting with Dane & Terry. We would like to extend our Friday night wine tasting to Day Island. Rick will reach out to the Commodore of Day Island to contact Terry and coordinate the event.

Kim has been working hard to coordinate meals on the Commodore's Cruise. Information and sign-up requests will be coming out soon. We will add them to the website.

Rick mentioned that Brentwood Bay may have a slip open, he will investigate further. Also Rock the Dock is looking for a band and hosts, or looking for other options.

Tom would like to request that we try and use as many avenues of communication as possible, not just emails.

Dave reminded others to be sure and sign up for all events on the website not just with the marinas.

Commodore's Report: Rick mentioned that the Ball is going to happen at the end of October even though the bylaws state it should be scheduled for November, we feel two days off should be OK.

Vice Commodore: Steve is sorry to miss the meeting.

Old Business: Bylaws will probably be reviewed after cruising season.

New Business: Jill needs a list of new members to keep Facebook secure. She has had some questionable folks requesting access.

Meeting adjourned: 7:02
